

Hollander EDEN®

“EDEN puts our inventory in front of the most trading partners, increasing our calls and sales. It improves the process of locating parts, helping us keep up with the increasing demands of providing quality parts and timely service. EDEN is our choice for combining technology into a user-friendly part locating product.”

Gus Lagiss, Owner, Concord Auto Dismantlers, Concord, CA

Premier Recycler-to-Recycler Network

EDEN is the leading parts locating network for North American auto recyclers. It expands your market reach through a trading network of approximately 3,000 auto recyclers in the U.S. and Canada. Powered by the Hollander Interchange, the most widely used parts interchange database, EDEN searches can be customized so you find the precise part by price, type or geographic region.

Sell More Parts Faster

With instant access to millions of parts, EDEN lets you quickly locate and purchase parts for resale, maximizing sales opportunities. Not only can you display your own inventory—making it available to insurers and collision repair facilities, along with other recyclers—you can search the inventory of more than 126 million parts in North America from a trusted network of auto recyclers. In addition, EDEN helps manage and grow your business by providing you with a complete toolkit of services.

Hollander EDEN

Features and Benefits

■ EDEN Online

www.mypartshop.com

Provides powerful Internet tools like Multiple Part Searches, EDEN reports and website inventory display

■ EDEN Exchange

Offers quick and seamless access to parts inventory from trusted trading partners while displaying inventory to approximately 3,000 recyclers who can view, and purchase, parts in real time

■ EDEN Real Steel

Increases sales opportunities by promoting your parts to estimators who use Audatex Estimating™; parts are inserted directly into the estimates, making it easier for customers to purchase your parts

■ Unlimited Part Searches

EDEN clients can perform an unlimited number of part searches against the EDEN database for no additional fee

■ Powerlink® Data Backup Service

Enables the backup of all Powerlink data to a centralized, secure data vault on a nightly basis; free for Powerlink II and EDEN clients

■ RAS Core Buying Partnership

Hollander's exclusive partnership with Rebuilders Automotive Supply (RAS) generates more parts revenue for EDEN clients

■ EDEN Direct Hit

Allows you to search parts inventory from your own website—regardless of where it is hosted—and do multiple part lookups while providing an expanded results display (year, model and mileage)

EDEN ONLINE WWW.MYPARTSHOP.COM

■ EDEN Review

Ensures that trading commitments are met by making available a member-operated arbitration program

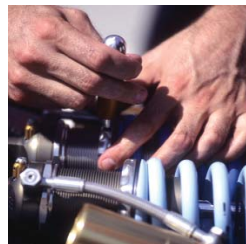

World-Class Training and Technical Support

Training

Hollander offers multiple options for implementation and continuous product training, including phone-based, onsite and online training. Visit Hollander's Online Training Center, www.training.audatex.us, for more information and a list of online classes.

Technical Support

Hollander Technical Support is available at 800-825-0092, from 7 a.m. to 7 p.m. Central, Monday through Friday, and 7 a.m. to 2 p.m. Central on Saturday. In addition to answering your questions over the phone, Technical Support also features unlimited access to an online support website, www.support.audatex.us, that offers 24/7 e-based support, web chat, knowledge-base software and answers to your frequently asked questions.

Providing Solutions That Enable Recyclers to Sell More Parts

Since 1934, Hollander has delivered trusted business solutions to the automotive recycling industry. Today, more than 10,000 automotive recycling facilities rely on Hollander products. Hollander's Interchange is the most widely used database to identify automotive parts that interchange, setting the standard for communicating part "fit" and "availability".
